Polish Corridor Will Cut
Off Lithuania From
Russia

WARSAW, Oct. 6.—By the Associated Press.—Dispatches from Warsaw say that hostilities between the Polish and the Russo-Soviet forces will cease entirely under an armistice signed by the Polish and Soviet forces yesterday.

The cessation of hostilities between the Russian soviet and Polish forces on Friday will mark the close of the most serious warfare during the past war. The fighting between the Russians and the Poles began in December 1918 and reached an acute stage with the Poles making their first western counterattack in Kiev, which they captured, followed by their gradual retreat until the soviet forces had again forced their way westward and were threatening Warsaw. The present negotiations were initiated at that time, first in Minsk, then at Riga, and have resulted in the armistice now announced, which is to bring the fighting to a halt on Friday.

WASHINGTON, Oct. 6.—Poland through its legation here has issued a formal request to the State Department that for the extension of six months to the United States to Poland in the form of food supplies.

Legation officials said that because of the critical food situation it was hoped the department might grant some measure of authorizing credits for the purchase of food in this country.

BUDA, Oct. 6.—By the Associated Press.—The armistice boundary between Poland and Soviet Russia will cut off Lithuania entirely from the Baltic seaboard. Poland's corridor, which was authoritatively stated at the beginning of the Polish peace delegation today, is virtually agreed upon. It is to the east of Lithuania, runs south through Belarusian, Lithuania and Saare, and virtually along the German frontier of 1918 to the Prussian boundary.

NEW YORK, Oct. 6.—An Italian, named Caruso, said by the police to be a widely known thief, was arrested today in the Bronx, New York, in connection with the holdup of a bank in Los Angeles yesterday. The robbers, who had robbed them, the authorities said.

It was learned that Lithuanian troops, fighting alongside of Bolsheviks, had been present, however, between Soviet Russia and the preliminary peace signed at the public peace conference October 8, during the delegation at the delegations.

NEW YORK, Oct. 6.—By the Associated Press.—The Russo-Polish negotiations have been reduced to a mere conclusion, but the Lithuanians, who participated in the peace delegation as a mean while, are hoping more active.

The Polish official statement reported this afternoon reported new fighting with attacking Lithuanian divisions near Orlau, about halfway between Grodno and Vilna.

It was learned that Lithuanian troops, fighting alongside of Bolsheviks, had been present, however, between Soviet Russia and the preliminary peace signed at the public peace conference October 8, during the delegation at the delegations.

WILSON LEAVES IT TO MISSOURI; REED SAYS HE SAID IT

ST. LOUIS, Mo., Oct. 6.—President Wilson's address before the peace conference in which he is reported to have promised American military aid to Rumania if the need arose, was contained in an article by Frank H. Simonds that was incorporated in the congressional record at the insistence of Senator Hiram Johnson, of California, the latter senator telephoned Senator Selden P. Spencer here tonight.

WASHINGTON, Oct. 6.—President Wilson today telephoned Senator Spencer, Republican, Missouri, that he was content to let the voters of Missouri decide which of them was telling the truth. The telegram referred to Senator Spencer's charge that the President had promised military aid to Rumania and Serbia, which the President said was "false."

The telegram which was made public at the White House without comment follows:

"I am perfectly content to leave it to the voters of Missouri to determine which of us is telling the truth."

Replies to the President's letter of yesterday, Senator Spencer in a letter made public at St. Louis last night quoted in support of his original statement from what he said were the stenographic notes of the eighth plenary session of the peace conference. He asked the President to inform him whether Mr. Wilson had made the statement as attributed to him in the stenographic notes taken at Paris.

Senator Reed's telegram was sent in response to one from Senator Spencer asking information on the subject.

Senator Reed's telegram urged the President to produce the stenographic records of the peace conference "to show just what was said."

Reed Backs Up His Colleague

KANSAS CITY, Mo., Oct. 6.—Senator James A. Reed in a telegram late today to United States Senator Spencer asserted that President Wilson's address before the peace conference, May 21, 1919,

in which he was content to let the voters of Missouri decide which of them was telling the truth, the telegram referred to Senator Spencer's charge that the President had promised military aid to Rumania and Serbia, which the President said was "false."

The telegram which was made public at the White House without comment follows:

"I am perfectly content to leave it to the voters of Missouri to determine which of us is telling the truth."

Replies to the President's letter of yesterday, Senator Spencer in a letter made public at St. Louis last night quoted in support of his original statement from what he said were the stenographic notes of the eighth plenary session of the peace conference. He asked the President to inform him whether Mr. Wilson had made the statement as attributed to him in the stenographic notes taken at Paris.

Senator Reed's telegram was sent in response to one from Senator Spencer asking information on the subject.

Senator Reed's telegram urged the President to produce the stenographic records of the peace conference "to show just what was said."

Spencer Repeats Inquiry

SALISBURY, Mo., Oct. 6.—Senator Selden P. Spencer when informed of Senator Reed's telegram to him today, prepared the following message for transmission to the President:

"There must be no misunderstanding about a matter of such great national importance as to whether you stated to Premier Briand of France that the American army and navy would be sent across the sea in case of war to help us to win the war. We must have for months been publicly stating our position without sacrificing the principles of equity on either hand."

TOKYO Oct. 6—(By The Associated Press)—The American Association of Tokyo and Yokohama have cabled the following joint resolution to Secretary of State Colby:

"We, the American Association of Tokyo and Yokohama, a conference specifically representing all American interests in Japan, business, missionary and professional, have resolved to acquaint our countrymen with the intense feeling aroused throughout Japan by the present action in California threatening the destruction of the traditional friend and a future of mutual benefit to both parties. We earnestly beg our countrymen to act with sober deliberation and patience, trusting the respective governments to find a solution satisfactory and effective without wronging Japan or sacrificing the principles of equity on either hand."

TOKYO, Oct. 6—(By The Kensei-Kai party)

party; which is opposed to the government; has voted not to publish resolutions adopted by the party on the California situation "in view of their grave significance," but to watch developments and adopt measures according to the trend of the situation.

The Nichi Nichi, however, today summarizes the views of the party as follows:

The anti-Japanese movement is to continue, when considering its effect on all America. It is improper to get excited and indulge in strong utterances against America.

Japan should follow the indicated steps to protect its interests in California, "holding the line" in the same manner, but will nullify illegal California enactments. If these steps fail, Japan will be justified in resorting to other measures.

Japan's ill-advised diplomacy has contributed to the American situation, especially through the racial friction existing between the two cities" were adopted at the state convention of county and city superintendents of California here today. The resolutions were offered by Mrs. Susan M. Dorsey, city superintendent of Los Angeles.

GATHERS DATA ON GASOLINE

Agency Expert Shows
How Stringency

Results
(By LESTER P. STOCKMAN,
Statistical Independent Oil Pre-
ducers Agency)

The figures submitted herewith

answer several questions in the public

mind, at least, regarding the gaso-

line situation which resulted in the

rationing of gasoline during the sum-

mer 1920.

The refiners, as in other lines of

business, have their own reason

which comes along the winter

months when pleasure travel is at

its minimum. This is what is known

as "dead business" as the store-up

period during which time the refin-

ers didn't store gasoline as it is

not possible to manufacture gasoline

in sufficient quantities to meet the

summer demand, for the following

reasons:

1.—That the refinery capacity of

the state will not permit the distri-

bution of oil in sufficient quantities,

2.—That petroleum in its crude

state is produced in very few months

of the year, in sufficient quanti-

ties to meet the demand for that par-

ticular month and the natural thing

to do is to manufacture when the

demand is best and store for future

use. Is this not the logical thing

to do?

Several large companies in partic-

ular operation in this state are en-

larging their refinery capacities and

it is hoped that with an increased

efficiency in refining (with the ad-

dition of new cracking plants, etc.)

the problem now confronting us will

be solved to a large extent, although

the demand has been increasing

enormously year by year.

It will also be noted from those

production figures, which were com-

plied by the United States Bureau

of Mines, that:

1.—The gasoline stocks decreased

from 35,875,268 gallons to 16,632,343

gallons during 1919 and were stored

up between January, 1920, and June,

1920, in anticipation of the 1920 sum-

mer demand.

The output of refineries in Cali-

fornia has been normal during the

entire year of 1919 and six months of

1920.

Analyzing the two statements

above we find that, from the reduc-

tion in stocks which occurred dur-

ing the summer months, the produc-

tion was not sufficient to meet the

demand and that during July, August

and September there was an unpre-

dictable increase in refinery produc-

tion in an effort to meet the demand

in the market for consumption.

We also find, and this has been

brought out by numerous investiga-

tions that the output of refineries

was not curtailed to create a mar-

ket shortage to account for the in-

crease in the price of gasoline at that

time and it was absolutely necessary

to ration gasoline.

It is not improbable that such an

emergency may arise again unless

the public co-operates with the pro-

ducts toward the conservation of

gasoline, but every effort is being

made to eliminate this condition if

possible by encouraging crude oil

production.

THREE CHARGES ALLEGED FELONY

File Information Against
Clark DeHart For
Extortion

Three felony informations were filed yesterday by the district attorney's office, one of which charges Clark DeHart, of Lodi, with attempting to extort \$50 from H. H. Phillips, a merchant of that town. The information against DeHart sets out a copy of a threatening letter received by Phillips, which is alleged to have been written in the following:

"Bob Phillips: If you do not let under the steps of Anna's little school house during Saturday night at 9 o'clock, your store will be burned down. Make no effort to find out or your life will be taken. All in \$20 bills."

"Result if you try to discover." The result suggested was illustrated by a drawing of a heart pierced with an arrow. The letter was signed "A Blackmailer."

Information was filed against Frank G. Nelson, charging him with receiving stolen property from Chester G. Wilson, who is alleged to have burglarized the house of P. Van Bickle, 1425 Mcleod, on Sept. 8.

Joseph Neff is charged with driving an automobile on the highway near Sanger when in an intoxicated condition on September 18, according to the third information filed by the district attorney.

Northside to Have Rally Day Social

All departments of the Bible school of the Northside Christian church will hold a pre-rally day social at the church, corner of Summer and College avenues, tomorrow evening, to which all members of the Bible school and parents of the students are cordially invited. Mrs. Gladys F. Thompson and Mrs. Fred J. Sturz are making arrangements for the program, which will include a number of unusual and original features.

Rally Day in the Bible school will be observed Sunday, with all departments meeting together for the program and promotion exercises.

All members of the church are particularly urged to be present for the services Sunday morning, when matters of special importance are to be presented.

B. B. Wilson yesterday secured a writ of attachment under Judge D. A. Cashin for "one Kiesel yellow roadster." The attachment was asked on a claim of \$149.29 against Abram Joseph...

Christian Endeavor to Install Officers

The Young People's Society of Christian Endeavor of the Pilgrim Congregational church will install the new officers for the term this evening at 8 p.m., as follows:

President, Samuel G. Matthews; Vice-president, Mrs. Araxie Keayson; Recording Secretary, Miss Martha Melonius; Corresponding Secretary, A. Kaprielian; Treasurer, Leo Kaprielian; Prayer Committee, H. G. Kaprielian; Lookout Committee, H. G. Kaprielian; Social Committee, Miss A. Kusarian; Music Committee, Miss Virginia Heyman.

All the young folks of the church are invited to be present to enjoy the program of the evening. All members, including old and new officers, will be present to take part in the program.

CHESTER H. ROWELL, Editor and Manager

SHOWING MISSOURI

Just what President Wilson may have said at the peace conference last year which has been reported or twisted into a statement that he promised aid to Rumania and Serbia that they would be protected by American troops is of course important only in its implications. No one will suppose that President Wilson was foolish enough to make any such direct promise. It is possible that he declared, in case the League of Nations became a fact and in case the United States was a fully cooperating member, that it might be deemed expedient for the American government to authorize the use of troops to protect the political lines as fixed by the peace conference. The important thing is that a controversy which has not served to add to the dignity of the Presidency of the United States and has given a little limelight to the junior senator from Missouri, otherwise almost unknown to fame, is the result of secret proceedings of which the people of the United States have had no critical knowledge, and the results of which, while made public, are suspected of being subject of secret understandings which are not even admitted to discussion. It may be true that it is indignified for the President of the United States to enter into details with the junior senator from Missouri, and feels it sufficient to specify that his words are false. It would be interesting to know just how far they are false, however, and the discussion has so far not thrown any light upon what may be quite an approach to the truth.

There are legitimate differences of opinion between those who wish to emphasize the importance of executive control of national policies and those who wish to cling to legislative control. It happens that legislative control, while more indirect and less effective, is also more public and so apparently more in the public confidence. It is important for the Presidency that it maintain, whether the person occupying it be Woodrow Wilson or Warren Harding or James M. Cox, a direct feeling of responsibility to the people and by the people. One of the charges made against the Wilson conception of a league of nations is that American representation on it would be executive and arbitrary instead of legislative and judicial. We want the league of nations idea made firm on the basis of popular confidence in the United States, a confidence that will be strengthened by a frequent conference between the people and the President. Senator Spencer's individuality is unimportant. But his "false" utterance would have been an opportunity time for President Wilson to be frank about an incident of the peace conference about which popular curiosity had been aroused. For the most of us, it is the good judgment of the Presidency that is on trial, not the veracity of the Missourian.

REPLANTING FORESTS

Serious and careful consideration must be given by the people of California to the propositions being made for the preservation and extension of forest areas. Nothing is more clearly shown than the immediate part that forestry plays in the price of living, for us and for those that come after us. Grain and butter, even blooded cattle and skilled handling of soils, may be lost and regained, but a mighty forest, its country's pride when once destroyed can be supplied again only for future generations, and that with great difficulty. And the soil that has been washed away, the hills denuded, the expense of building, the freshets and washouts, the drain in the cost of everything from lead pencils to ship beams, are a terrible burden to each and all of us.

The proposition then that the state should take an active part in reforesting private lands that have been logged off should be given serious consideration. It is useless now to discuss the economic and political policies that permitted the giving away of these lands—in many respects perhaps it was the only state policy to pursue at the time. But the fact is that these lands have been stripped in the only crop they could grow, trees, and it is no one's business or profit to replant them, except the state's. The state should do it. And it should not repeat the folly of furnishing forests for private individuals to harvest. The state should acquire lands that are valuable for agriculture, and plant them to trees, and care for them, and when they have reached the cropping stage again, should put this lumber on to the market by whatever system appears wisest at the time, for the good of citizens in general. This will be a considerable expense, but one that we should undertake for the benefit of both ourselves and those who are to come after us.

The forest problem is one of the pressing subjects that should be given serious constructive treatment by the members of the coming legislature.

HAITIAN RESPONSIBILITY

Whether the position of the United States in Haiti is one of "unconstitutional warfare," as declared recently by Senator Harding, or is fully in agreement with the laws and treaties of the United States, according to the administration, is perhaps a difference of point of view too sophistical to interest the average citizen. The views of most of them will be influenced rather by their judgment of the practical value or necessity of the interference of the United States in the affairs of this negro republic. Certainly it has never been contemplated that the United States should conduct imperial control over foreign territory, even under the guise of a "treaty," with some artificial government set up within the territory by force of American arms. And the sanctity of such a treaty will hardly bear examination. On the other hand, the very great value to both the United States, the Haitians and the rest of the world of the decent administration that has been given to Haiti by the U. S. Marine Corps is almost unquestioned. It is doubtful if it would have been questioned at all if it had not been for the side-effect of that rather indiscreet boast of Mr. Franklin Roosevelt that he had carried the vote of Haiti as a member of

the League of Nations in his pocket. Whatever we may think of the League of Nations, we are not accustomed to view with pleasure the idea of the vote of any nation being carried in any one's pocket; and the strength of Roosevelt's argument on the League of Nations was vitiated at once by its revelation of the way the administration thinks of Haiti as an American dependency.

White Says Crowell For Republicans Because He Is One

NEW YORK, Oct. 6.—George White, chairman of the Democratic National Committee, who returned today from a conference with Governor Cox, announced that he had written to Will H. Hays, urging him to do all in his power to obtain wide publicity for the covenant of the League of Nations.

"In the interest of truth, which the righteous certainly have no reason to fear," White requested Hays to "urge all newspapers to print the text of the covenant in full within the next few days."

"There are so many more Republicans than Democrats newspapermen in the United States that only organized would receive the wide publicity which is desired," adds White.

White also stated this statement: "I noticed that wide publicity, in the East, at any rate, was recorded two days ago an interview from Major Benedict Crowell of Cleveland in favor of Senator Harding. That man until recently secretary of war, and this distinguished should take the stand one without doubt an essential fact. Out in Ohio they do not find the fact sensational. Major Crusek is a U.S. Army Republican, one of the many whom Secretary Baker appointed to office. With many other distinguished Republicans he served his country in the war and he is for his party for the simple reason that he never left it. The Dutch may taken Holland."

"Major Crowell in his declaration says that the great issue this year is 'an efficient administration.' He ought to know all about the efficiency or inefficiency of the war department, because he was responsible for it concerned with it for several years."

Aged Clovis Resident Is Called By Death

Pending Mr. Helms, a resident of Molvin station near Clovis, died yesterday at his home. He was 75 years old and a native of Germany. He leaves a widow, Louise; a son, Helms, and a daughter, Pauline; Frank, Martha, and Augusta Lieber. Funeral arrangements will be announced later by Sonnen and Ream.

NOT TO PUNISH ARMS HOLDERS

Allies Give Germans a Chance to Bring Out Hidden Weapons

COPENHAGEN, Oct. 6.—The international high commission today decided to allow immunity from the strict laws of the army of occupation prohibiting Germans in the Rhineland from having concealed weapons, in order to assist in the enforcement of the peace treaty, last fall, by Germany under the Spa agreement.

The decision permits Germans in the occupied area to surrender hidden arms and ammunition up to November 1, without being punished for having the arms in violation of the high commission's and army's orders. The allied officials admit that notwithstanding the severe punishment intended against Germany in the Rhineland for holding weapons thousands of hidden weapons have been concealed by Germans in the bridgehead zones.

The German officials had made representations that they were unable to carry out the disarmament law in the Rhineland because of the fear of individuals that they would be punished if they surrendered their weapons.

Hence the Allies when they issued the order to disband collect the premiums offered for their surrender. Hence the Allies and Americans decided to waive their own rule.

MOSCOW CLAIMS MAKNO DESERTER

LONDON, Oct. 6.—General Stalin, the Ukrainian leader, has accused Commissar of War, General Kremlev, of aiding anti-bolshevik leaders in Soviet Russia, has joined the Bolsheviks and has been given a command under the Soviet administration against Wrangel. It is asserted in a wireless dispatch from Moscow today.

MURPHY AND SCHARENBERG NAMED WITHOUT OPPOSITION

Executive Officers State Federation of Labor Are Re-Elected; Formal Election Set For 11 o'Clock Today

Without a single manifestation of opposition, Daniel C. Murphy of San Francisco and Paul Scharenberg were re-elected to succeed themselves as president and secretary respectively, of the California State Federation of Labor at the yesterday afternoon session of the organization convention.

The formal ballot is not scheduled until today and the results will not be announced until a later session. The two executive officers were re-nominated without opposition and it motion carried enthusiastically to eliminate their names and those of non-contested offices from the election ballot.

Fallout of the anti-administrationists to put even one candidate in the field was a surprise to nearly the entire convention, and was believed to have been dictated by the easy victory of the Murphy-Scharenberg supporters on the credentials committee report.

From the opposition came but one voice during the nominating and of nearly all delegations, Delegates Weitberger of San Francisco, recognized one of the anti-administration leaders and active in the campaign against Scharenberg a year ago, questioned the legal right of Walter G. Mathewson to fill the post for which he was nominated.

Scharenberg Given Ovation

Ovations were given both the re-elected executive officers, the delegations supporting Scharenberg, to make a short speech in which he expressed appreciation of the confidence expressed in him by the convention. Scharenberg's pending term will be his twelfth, while Murphy was re-elected for the fifth time.

Other nominations made were:

Vice-presidents:
First district, diversity, south to the state line—E. F. Nelson of San Diego.

Second district, Los Angeles county—E. L. Dohr of Los Angeles.

(Continued on Page 11.)

Jacobs Faction Holds Conclave - Well-Fed Mutts

This is a convention of well-fed mutts.

Such is the形容词impressive 印象力imposed upon the twenty-fifth annual convention of the California State Federation of Labor now in session here by one of the internal factions of the body, the Jacobs faction, deferred in the early sessions, and still championing their dying cause.

With the nomination of officers only a day away, the anti-administration forces recruited recruits from the faction which upheld the Jacobs clique of oil workers and was defeated on the convention floor. Tuesday evening held a caucus to discuss the possibility of launching candidates in the field against the

incumbent president and secretary, Daniel Murphy and Paul Scharenberg, respectively. They finally came to the conclusion that "it's a convention of well-fed mutts," and consequently there was not a flicker among administration policies injected into the nomination of officers held yesterday afternoon. There was even some seconding by those who claim had more or less authentically, were identified with the forces opposing the administration program.

DUBLIN, Oct. 6.—On the arrival in Dublin today of the mails from the provinces and from England, a military party entered the sorting station and carried away all letters. Business mail inquiry for their mail was informed that the military authorities had all of it, but that delivery would take place after the letters had been examined.

A similar method of obtaining information already has been employed by the government in other cities.

Wires Bringing Napa Invitation For Convention

Napa wants the 1921 convention of the California State Federation of Labor and is seeking that desire with a flood of telegrams which continued to pour into the convention session hall yesterday. The mayor of the city urged the convention to select Napa as the 1921 meeting place in telegram received yesterday, while Peter S. King, superior judge, also sent a telegram asking that the delegates consider Napa favorably.

Added to the many already received and forwarded, the bid of Napa for the convention promised to be one which the convention would heed when the meeting place is decided on the closing day.

CHARGE MOVEMENT TO CRUSH TEACHER UNIONS IN STATE

Representatives at Convention of Teacher Organizations Open Drive for Right to Unionize

Charging that throughout the state "a far-reaching and concerted movement is at work in an endeavor to crush the teachers' organizations," delegates representing 100,000 teachers yesterday brought before the State Federation in the form of resolutions and proposed legislation a program for the protection and betterment of the profession.

The principal action sought is the enactment of state legislation granting tenure of position along conditional lines, and statutory forms of trial for dismissed instructors. A resolution pledging legislation before the Legislature on November 14, on the report of Amendment No. 14, which increased the state appropriation for teacher's salaries, was also introduced.

The measures advanced by the union representatives mark the opening of a struggle, backed by the organized labor of the state as well as the American Federation of Labor, for the right of the teachers to form unions or associations as a means of bettering their living conditions and of work and pay.

In the order of their presentation, signed by E. J. DuPuy, Robert L. Ennis, J. J. McTiernan, and Miss Josephine Coby, third vice-president of the National Teachers' Federation, follow:

"Whereas, the state labor organizations are realizing more and more the objectives planned in the path of the teachers in the public schools; as well as the open discrimination made against teachers forming unions and affiliating with the Federation of Labor; and

"Whereas, the proper citizenship can be developed in the public schools only when the teachers are allowed their freedom of thought, of speech and of action; and

"Whereas, the improvement of our schools does not rest solely upon an increase in salary, but in the removal of the all-too-often too arbitrary over the rank and file of the teaching force; and

"Whereas, it is known fact that throughout the commonwealth of California a far-reaching and concerted movement is at work in an endeavor to crush the teachers' organizations affiliated with the Labor Council of California, now the Better America, and that through this agency and others of the same character teachers are coerced into refraining from joining any organization excepting the ones designated by Boards of Education or Boards of School Trustees; and

"Whereas, in several localities in

the state is subject to the whim and caprice of school authorities, and whereas, this insecurity of tenure is a potent cause of the present threat among teachers and the accompanying teacher-shortage; therefore, be it

"Resolved, That the California State Federation of Labor directly through its affiliated locals, use every effort to secure the enactment of state legislation granting tenure of position for teachers along the following lines:

"1. After the lapse of a probationary period of not less than two years, tenure shall be permanent subject to the following provisions:

"2. All dismissals, both during and after probation, to be for causes definitely embodied in the educational law, such as gross uninductiveness, inefficiency, conduct unbecoming a teacher, etc.

"3. After the period of probation, a teacher dismissed for any cause (including inefficiency) shall have the right of trial to be conducted by a board of seven, chosen as follows:

"Three by the school board, three by the teachers, the six to elect a seventh, who is not to be either a member of the school board or of the teaching force. At the hearing, the teacher shall have the privilege of being represented by counsel. A panel from the decision of the trial board may be made to the civil courts, whose decision shall be final."

"Whereas, the present sources of income for the support of schools and for the remuneration of teachers are generally inadequate and unsatisfactory. The present support of districts, support of schools results in unequal opportunities for the children of the state; therefore, be it

"Resolved, That the California State Federation of Labor pledges its support to the enactment of the proposed initiative measure amending Article 9, Section 6 of the State Constitution, appearing as proposition 15 on the ballot."

"Whereas, The more than 15,000 teachers of California are without the protection which is enjoyed by members of the State Civil Service and

"Whereas, Their tenure of position consists of an individual yearly contract, not based on the fundamental labor principle of collective bargaining;

"Whereas, the proper citizenship can be developed in the public schools only when the teachers are allowed their freedom of thought, of speech and of action; and

"Whereas, the improvement of our schools does not rest solely upon an increase in salary, but in the removal of the all-too-often too arbitrary over the rank and file of the teaching force; and

"Whereas, it is known fact that throughout the commonwealth of California a far-reaching and concerted movement is at work in an endeavor to crush the teachers' organizations affiliated with the Labor Council of California, now the Better America, and that through this agency and others of the same character teachers are coerced into refraining from joining any organization excepting the ones designated by Boards of Education or Boards of School Trustees; and

"Whereas, in several localities in

INITIATIVE PUT TO USE TO KILL ALL INITIATIVE

Dr. John R. Haynes Tells Convention "Vote No. 4"

Session Has Special Program on Law and Legislation

"They are attempting to use the initiative to kill the initiative," declared Dr. John R. Haynes, president of the League to Protect the Initiative and member of the State Board of Charities and Correction in addressing the convention session of the California State Federation of Labor on Amendment 4 yesterday afternoon.

The speech was delivered on the program in time devoted to legislative consideration and debate on the measure to community property. The measure in which Haynes was championed by Miss Gail Laughlin and the measure attacked by Dolores Heidelberg of San Francisco.

Speaking against the measure and urging its overwhelming defeat at the polls on November 2, he said in part:

"This is the amendment which would raise the number of signatures necessary upon all initiative petitions relating to the assessment or collection of taxes from 8 percent, the present number, to 26 percent, a prohibitive number. Eight

Our Footwear Prices Show A Sharp Decline

Our manufacturers are making us liberal concessions on shoes purchased since last May, which are now at hand. We have readjusted our selling prices to conform to these reductions, giving our customers the full benefit of the lower costs, adding only a nominal profit, which make our prices much lower than it has been possible to offer high grade footwear for two years.

Our Fall lines are complete—and embrace only the most dependable and established new footwear modes—all marked at prices based on new costs. The following are examples of our new values.

YOUNG LADIES' COLLEGE BOOTS—sizes to 7½. Edward's (Philadelphia) make. Trim slender ankle. Laced styles in Black Kid with Black Cloth Tops. Semi-English toes—neat tips—extended welted soles—sensible low heels.

\$9.00

LADIES' FRENCH THES—to be worn with or without spats. Finely tailored Low Shoes, with new narrow toes and French heels. Black or Brown Kid, Brown or Black Suedes.

\$8.85

STRAND RIBBON TIES—Cut out over instep. Quite high at sides and back. Full French heels—Suedes in Black or Brown—Kid in Black and Beaver Browns—Satins in Autumn Brown.

\$8.85

SPORT BROGUE OXFORD—smart and comfortable—in Stout Tan English Grain Leather. Overlapping full wing tips. Extremely durable.

\$8.75

BROGUE SPORT BOUT—severely tailored—heavy appearing wing tips and extended soles. Heels low and broad, soft and easy on the feet. In Brown Kid.

\$11.75

CLOTH OF SILVER PARTY PUMPS—modeled on graceful, slender lines with dainty French heels. Newest lines for evening wear.

\$12.35

LEGION DESIRES UNION MEN TO JOIN ITS RANKS

Fred F. Bedorell, State Adjutant, Speaks to Delegates
Labor League Requests Convention Withhold Indorsement

"If there is any man in organized labor who doubts that the American Legion is against labor, his place is in the American Legion," declared Fred F. Bedorell, state adjutant of the American Legion, to a meeting yesterday of the delegates of the Ex-Servicemen's Legion of Fresno.

The invitation to Bedorell to take the floor was extended yesterday afternoon following the reading of a telegram urging that labor refrain from joining the organizations received from the Labor League of Ex-Servicemen Men of San Francisco.

While no indorsement was given by the legion's state adjutant and no action was taken, the record of the organization remained as it was.

The state adjutant stated that he had been advised that the labor organizations was a section of the Ex-Servicemen's Legion and had several times condemned the actions of the Legion.

He also told of his experience in the service, where the union had made no difference and brought out the fact that the Ex-Servicemen's Legion was organized after the end of war in gatherings held in various states of the Union.

In his speech of 25 minutes he said some of those 70,000 men in the Legion had seen some of the same things in battle, he said. "If some men had seen them, you might have different men of life."

The state adjutant stated that he had been responsible for the adoption of the legion's bill of 43 clauses at the regional and national conventions held at St. Louis when the attitude of former national commander was reached of intercession.

He referred to the construction of the war organization, where he pointed out it assembled in a few weeks since it created its organization and laws of country and right of the arms and ideals of labor and the war organization, he said, as to the sentiment of the delegates present.

Against Disraeli

Following is the telegram received yesterday from the convention from William Thompson, president, and Roy Hunt, secretary, of the Labor League of Ex-Servicemen Men:

"Greetings! The Labor League of Ex-Servicemen men composed of members of the American Federation of Labor unions demand that immediate action be taken for unconditional repeal of the Disraeli Syndicalism law. We fight in the date war and we are fighting for Democracy and not autocracy at home."

Control Problem

While he admitted that the legion with its 10,000 posts and units and a half members and 100,000 members in recruiting stations, he stated that the American Legion instituted controls, strike-breaking campaign in control of the Merchants and Manufacturers Association, and is not a labor organization for labor to endorse."

Gives Party For Fresno Visitors

Miss Anna Petragian, entertaining a large number of her friends at an informal party on Sunday evening complimenting Miss Gladys Bergman and another, Miss H. Bezzman of Chicago, Dr. and Mrs. Ghazarian of Providence, R. I., and Mr. and Mrs. Frederick Michaeloff. Imperialism Is Dealt Blow By Radical Group

Speaking now we are opposed to the United States entering into any military alliance with European imperialists," a resolution condemning imperialist alliances and aggression against the independence of Russia was introduced in the labor convention yesterday by a group regarded as exemplifying the radical radicals.

The resolution as introduced represents, in the delegations that he had long been associated with the labor organizations was a section of the Ex-Servicemen's Legion and had several times condemned the actions of the Legion.

He also told of his experience in the service,

where the union had made no difference and brought out the fact that the Ex-Servicemen's Legion was organized after the end of war in gatherings held in various states of the Union.

In his speech of 25 minutes he said some of those 70,000 men in the Legion had seen some of the same things in battle, he said. "If some men had seen them, you might have different men of life."

INITIATIVE PUT TO USE TO KILL ALL INITIATIVE

(Continued from Page 8)

been made to destroy the initiative and refer it to the special interests. Anti-Single Taxers

and the most intense opponents of the initiative, however, is the so-called People's Anti-Single Tax League, which in 1914 made the following proposal to the people of California:

If any initiative measure is defeated by a vote of 1 to 3, it cannot come up again for consideration for twenty years, and if defeated by a vote of 2 to 3, it is defeated for all time.

There are twenty-one states that have the initiative. Not one of these requires 25 percent signatures, only nine submitted to the legislature, and the Southern Pacific Railroad company did not want, and no measure failed of passage in the South. Maine, Maryland and Massachusetts have the initiative with practically no failure of passage in the South. Pacific did want. In other words the state of California was the last one to come into existence, and it cannot afford to be the first of the states of the United States to do a vital law at democratic government of 10 and four-fifths in the initiative, referred to as well as continued to lobby for the submission of a constitutional amendment in 1911, as is represented by the representative and president of the Pacific Legislative League, I attended every session of the legislature from 1911 to 1914 endeavoring to induce the legislature to submit to the people a constitutional amendment embodying their principles.

Finally, in 1911, the legislature did submit constitutional amendments providing for the initiative, the referendum and the recall. These measures were adopted by a vote of 3 to 1, and from the date of their adoption in the fall of 1911, California has had the proud distinction of being a political democracy, and for the first time the words of the constitution are fulfilled: "All political power is inherent in the people."

Since 1911, thirty-five initiative measures have been put upon the ballot, and none have failed to secure the required number of signatures. Of the thirty measures put upon the ballot, twenty-one have been rejected and but eight adopted by the people. I believe that no one of these measures which the people have adopted is newsworthy. This record is positive proof of the wisdom and conservatism of the people.

but protest against the setting of Edwin Lomax of the 13th district as an assemblyman. The delegation submitted to the resolution committee a proposition calling for the amendment of Lomax's bill, the technical ground that he had not been a resident of his district for the required year prior to his election.

The expiration of the constitutional term in November will bring a rash of legislative resolutions and legislative measures, among them one by a southern delegation seeking a state law making mandatory the closing of public schools on Labor Day. The action requested is the result of a refusal of the school authorities of Los Angeles to close the schools on last Labor Day.

Meeting time before the time-limit expiration, when the committees sat down in the work of enacting the bills, the delegates, acting immediately upon the proposal of Assembly Bill 13, which was said to have been designed to pass up the bill in a former legislature but to receive official protection.

Senate on Japanese Question

Senator J. M. human of Sacramento placed the Japanese question before the delegates, asking immediate adoption of Assembly Bill 13, which

said, was designed to pass up the bill in a former legislature but to receive official protection.

Hoover Named on
Power Survey Board

WASHINGTON, Oct. 6.—Appointment of Herbert Hoover as a member of the advisory board for the western industrial region super-power survey was announced today by Secretary of War Frank B. Billings.

Mr. Hoover will serve as a consulting engineer on the board, which is assisting the government in the development of plans for a vast super-power line stretching from Boston to Washington and designed to supply electricity power to railroad, public utilities and private industry throughout their territory.

APPORTION CHAPLAINS
FOR AMERICAN ARMY

WASHINGTON, Oct. 6.—Appointment of eighty-one new chaplains for the regular army in conformity with the new reorganization law providing one chaplain for each 1,500 officers and men was announced today by Adjutant General Davis. Announcement also was made that Secretary Baker after consulting with all active religious groups recommended that the denominational complement at 25 per cent from the Catholic church, 50 per cent from the Protestant churches and 2 per cent for nonconformist companies be made on a strictly mathematical basis.

Frank P. Buckley, executive secretary of the Near-East Relief, with

Red Cross Indoors

A resolution endorsing the American Red Cross was introduced by Secretary Scharenberg after the conference had listened to an interesting address by Miss Flora L. Bradford, field secretary for the humanitarian organization, who dressed in the battle service uniform of war days told of its work and purposes. The resolution pledges 100 per cent membership by labor and assistance in the work of the roll call week, November 14 to 22.

Frank P. Buckley, executive secretary of the Near-East Relief, with

Downward Price Movement

SALE

Ford Started Automobiles Down! Levy Starts Clothing Down!

Ford reduced the price of Ford automobiles, and since then everything has taken a drop—flour has dropped, sugar has dropped, wool has dropped, cotton has dropped, leather has dropped, lumber has dropped, and every issue of the Republican records where some other daily necessity has dropped. Now the drop has hit Fresno and it will mean a loss to all merchants who are carrying large stocks.

The loss will have to come sooner or later, and we prefer to take our loss now instead of later and at the same time give our customers the benefit of the reduced prices that are sure to come and give it to them in time to save on their fall outfits. The big sale starts Thursday.

Clipping From Friday Republican

Wheat Prices Take Tumble.

KANSAS CITY, Mo., Sept. 16.—Wheat futures dropped 6½ to 10½¢ on the exchange here today. Delivery for delivery closing at \$2.10½, 10½¢ under yesterday's close, and March closed at \$2.00½, 9½¢ down.

Lee-Tires Also

NEW YORK, Sept. 30.—The Lee Tire and Rubber company, announced today a reduction in price of its entire line of tires from 15 to 20 per cent, effective throughout the country.

New Low Price Set For Sugar

NEW YORK, Sept. 30.—The sugar market weakened again today, and prices declined to new low ground for this year for both raw and refined grades. Fine granulated declined a half cent to 15 cents a pound, raw sugar sold at nine cents, duty paid delivered.

Reduce Price of Shirts, Wholesale

PROT. N. Y., Sept. 30.—Parr & Wilson, one of the largest collar and shirt manufacturers in the country, have announced reductions in all wholesale prices of shirts. The reductions cover practically every grade of shirt manufactured by the company, the range from \$1.50 to \$24 a dozen. About a week ago this company announced a reduction in the price of collars.

PERSONAL NEWS NOTES OF THE SAN JOAQUIN VALLEY

RICHGROVE JOTTINGS

Richgrove, Oct. 6.—George Beckman of Los Angeles, who is back from the San Joaquin Valley, arrived Sunday evening and was a guest at the Motor Inn until Wednesday morning.

C. Gilbert of Scott-Gilbert Drug company of San Francisco spent Tuesday night here.

Miss Sara W. Miller left Wednesday morning for Big Creek, where she will be the guest of Mr. and Mrs. D. L. Johnson.

H. C. Gandy of Tulare, motored up from Pasadena Thursday and spent the night with Mr. and Mrs. Wilard Ingram of Richgrove Heights.

Mr. and Mrs. Chester Dooley and daughter, Madge, spent Wednesday at Visalia.

Allan Post is home after a few weeks' vacation in the south. His friends are pleased to see him in good health once more.

Rodney Turner and Harry Deveney of Beverly Hills were guests of the Motor Inn Wednesday evening.

S. R. Shoup of Los Angeles motored up from the south and spent several days looking after his interests before returning to his home on Thursday morning.

Mr. and Mrs. Walter Leonard of Richgrove Heights motored to Porterville Tuesday.

Mr. and Mrs. G. L. Holton accompanied by their son and daughter, Mr. and Mrs. Robert Holton, arrived Thursday evening and remained to the south Tuesday morning.

Lester Anderson spent Thursday night at the Dooley ranch, near Dooley.

Mr. Ladigne of Porterville was here looking after his sheep Tuesday.

Capt. Green took the north bound train from here Thursday night for San Francisco where he spent a couple of days.

Thomas Quinn and family have moved from Hot Springs to Tuscaloosa for the winter.

John McDonald, contractor for the big station at Visalia, after living here since last December, left Saturday morning for his home in Pasadena.

The many friends of A. R. Schell report to hear of the passing away of his sister, Miss Emma Schell, which occurred Sept. 13. She resided with her brother here for a year and was a great favorite with all she met.

Dr. P. A. Bonquist will deliver an orchard lecture at the Franklin October 13, at 1:30 p. m. He especially is interested in the fruit trees here. Dr. Bonquist's lectures are very instructive and T. P. Pelegrius, manager of the Fra Ranch, is fortunate in securing him. Don't forget the date.

Mr. and Mrs. C. A. Daugherty and family of Los Angeles spent Wednesday evening here en route to the south.

Mr. and Mrs. G. Sheldon and Miss Anna Schild, who reside a few miles west, were here Saturday to register.

Mr. and Mrs. Chester Dooley and daughter spent Sunday at Mr. Dooley's home near Dooley.

LEMON COVE NOTES

LEMON COVE, Oct. 5.—Mr. and Mrs. Brown, who recently married the first communion, were given a church party at their return home.

Friday evening, Mrs. Brown was Miss Leah McRae, the oldest daughter of Van Andale of Riverdale, and Miss Ruth Ashby of Lodi. All are teaching.

Mr. Brown is the eldest son of Mr. E. Brown. Both young people have been residents of Lemon Cove for a number of years.

The new bank building of the Lemon Cove Bank was started recently. It is located directly opposite the electric depot, and is to be completed in time for the opening. Work on the foundation is being started, so as to have it completed before the winter weather sets in.

Mr. and Mrs. J. A. Moffett and daughter, Nadie, and Miss Mildred Moffett left Saturday for San Francisco, where Mr. and Mrs. Moffett will stay with their son for a week. Miss Mildred Moffett will receive her studies at the San Francisco Normal after a month's visit with relatives here.

A number of Lemon Cove people attended the fair at Fresno on Saturday among them being Mr. and Mrs. Paul Jones, Elmer Tyson and family, Mr. and Mrs. H. C. Ray and so on.

Jesse Fred S. Mayfield left Thursday night for Los Angeles on a short business trip.

H. C. Ray, J. M. Purdie, R. D. Montgomery and J. A. Moffett were business visitors in Fresno on Wednesday and Thursday, being summoned by messages for the defendant in the trial of the Demarests against Mrs. Herold.

Ben E. Gilliland and wife, former residents of Taft, were married at Bakersfield on Saturday. Samuel Krystek has gone to Los Angeles to remain for a few days on business mission.

One Buckner and Jack Reiser of Taft are in attendance at the convention of carpenters in Fresno this week.

Frank Clarke of Sacramento is spending a few days in Taft on business.

G. B. Tucker, drilling contractor, motored to Los Angeles on Sunday in his new Cadillac.

T. A. Pettit and wife started today on a motor tour of the bay cities. Their plan is to absent for a week or longer.

W. Scott Cable has purchased the E. J. Pearson cottage on Crystal Avenue, South Taft.

There will be three third degree candidates cared for at the regular meeting of the Masonic Lodge Wednesday night.

Mrs. Frank Floyd of Leland street has returned from her diamond shopping. Edna Stiles has returned from Oregon where she spent the past few days.

W. L. Adkison, Ralph Vaughn, Mr. and Mrs. H. J. Wilder and Miss Francis Wilder motored to Los Angeles Saturday for an over-Sunday visit.

Mrs. Adkison, Mr. and Mrs. J. H. Vaughn and Frank Landwehr returned to Taft with them, after a few days spent in the south.

LATON BREVIETIES

LATON, Oct. 5.—A daughter was born to Mr. and Mrs. Earl Sheldon a few days ago.

Clark Dietrich was released on \$1000 bonds for attempting to extort \$1500 from Justice of Peace in justice days.

Mr. Earl Smith has received the funds of his wife at the 2nd floor

of the hotel on the 1st floor.

M. and L. of Stanford in

Lebec, who were married the first

weekend, are now

in Lebec.

ASQUITH URGES IRISH FREEDOM BY FEDERATION

Thinks Separation Quite
Unthinkable But Autono-
mous Sure

Conservative Opinion in
London Shocked by
Utterance

LONDON, Oct. 6.—In a comment-
ary printed in the London Times
today, Herbert H. Asquith, former
prime minister, declares that he is
convinced that the best way to
Ireland, of the status of an auto-
nomous dominion in the fullest and
widest sense is the only solution of
the Irish problem. To accomplish
this, however, it is necessary to
make the Irish people believe that
what is offered comes from an hon-
est and reliable source.

With reference to Viscount Grey's
recent proposal, Mr. Asquith says:

"I can not bring myself to contemplate, even as a counsel of ultimate
despair, our final separation, unless
it seems to suggest that the first
which history has imposed upon us.
Asquith says to British dominion
statesmen, "It is apparent that
the policy of its own and that the
tendency is toward fuller co-operation
by the dominions in all external
relations. Concerning naval and mili-
tary forces Mr. Asquith writes:

"No Irish government could be so
insane as to mortgage its scanty
margin of resources for such a fruitless
and costly enterprise as the creation
of an Irish navy. Nor is it at all
conceivable that it would seek to
deny itself the power of effectiv-
ely coast-free access to Irish ports,
and harbors of vessels of the imperial
navy. Further no grant of autonomy
could be regarded as complete
which did not include the right to
raise and maintain for purposes of
local defense an adequate military
force."

Sensations, England.—Former Premier Asquith's letter to the London Times, advising that he was not able to support the creation of an Irish Republic and advocating domi-
nion status, has created a sensation in political circles and is considered significant, in view of Viscount Grey's important pronouncement and the recent letter from Lord Morley, which advocated "taking larger views" in Irish mat-
ters.

Among the downright opponents of
concessions to Ireland Mr. Asquith's
letter is denounced as "more so-
cialism than patriotism." The pro-
victory party possessing its own
army and a voice in treaty making
seized upon it as a proposal to which
it would be impossible for the British
public to consent.

The newspapers, commenting on
the Asquith declaration, take up what
they consider the weak spot in that
it fails to suggest any method of
dealing with the Ulster question and
show how the north and the south
can be brought together.

Adding their voices, the Westminster
Committee, moderate liberal organ-
izations, express the opinion that ultimately
the only solution will be that sug-
gested by Viscount Grey—to throw
the whole responsibility on the Irish
people themselves.

Premier Lloyd George will make a
political announcement Friday, and
it is expected that he will deal with
Mr. Asquith's proposals.

JAPANESE TRIED FOR STEALING OF MAPS

TOKYO, Oct. 6.—By The Associated Press.—At the trial today of Koki Yosama charged with stealing maps of Siberia and offering them for sale to Japanese traders, the Japanese military attaché in Tokyo, Iwaojiro Yamamoto, testified that Colonel Burnett declined to purchase the maps because they were worthless. The attache, however, according to the witness, asked Yosama whether he had maps of Formosa and Mongolia. Yosama said that he replied in the negative.

ASKS ILLINOIS MEN TO SELECT CANDIDATE

CHICAGO, Oct. 6.—John Maynard Harlan, for whom a petition as gubernatorial candidate was filed yesterday, tonight sent a letter to Gov. Frank O'Brien, asking him to withdraw his name from the Republican nomination for governor, asking him to withdraw from the race in the interest of harmony and join with him in selecting a candidate who would be acceptable to all factions of the Republican party.

OAKLAND PRIEST IS BISHOP OF SAMARIA

OAKLAND, Oct. 6.—Rev. Father Charles J. Neune, whose nomination as titular bishop of Samaria and auxiliary bishop of Sacramento has been announced at the Vatican according to a dispatch today from Rome, has accepted the position of the curia of St. Francis de Sales here for the past 10 years.

He has been—for several months in Ireland and France, sailing for home yesterday, according to a member of his household, who said his new duties would necessitate his residence in Sacramento.

Rev. Father Neune has been a pastor of Our Lady Star of the Sea for the past 25 years and celebrated his silver jubilee last June. He came here from Washington, D. C., where he was graduated from the Catholic University.

VIENNA, Oct. 6.—Desireux has begin-
ning out here and the newspaper declare
there are thousand of cases daily. The
entire is ascribed to spored corn meal.

Fire Destroys Senate Interior, Manila

MANILA, Oct. 6.—Fire de-
stroyed the interior of the Philippine
Senate building late yesterday, making it
necessary to provide another build-
ing for the legislative session, in-
cluding members of the Senate and
papers of many Senators were de-
stroyed. Estimates place the loss
at \$100,000.

Jim Jeffries Winner at Livestock Show

LOS ANGELES, Oct. 6.—Cattle from
the farms of James J. Jeffries, former
U.S. Senator, Hutchinson, Kansas, and
Mrs. Annie M. Baldwin, daughter of the
late E. J. (Lucky) Baldwin, Alameda
County, in the judging of Holstein-Fries-
ian stock at the Los Angeles Live-
stock Show today, Jeffries' entries
won four firsts, four seconds and two
thirds. Mrs. Baldwin's stock was
awarded two thirds, three seconds and
one third.

In the dog show Brighton Yankees
and a collie from the Iowa Kennels
of El Monte, Calif., captured two blue
ribbons and a cup by being judged the
best American-bred dog and the best in
the open dog class.

Two Aviators Hurt When Plane Falls

LINCOLN, Neb., Oct. 6.—Mrs. Anna
and Alice, A. Sibley, aviators of Salina,
Kans., were seriously injured here to-
day after their plane fell from a
considerable height. Both were
plunged under the machine.

Bankers Discuss Fraud Legislation

BOSTON, Oct. 6.—United by na-
tional and state authorities of fraud
and manipulation, the officers
of the securities was discussed by the
committee on legislation of the In-
vestment Bankers' Association of
America, in a report read before the
annual convention here.

"It seems certain," the report said,
"that acts seeking to control the
market in the various stocks will have to be
in uniform and active co-operation
between the officials of the various
state and national securities markets. It
is logical to believe that eventually
a national act will be required
to supplement the various state ac-
tivities."

SANTIAGO, Chile, Oct. 6.—The joint
session of the Chilean congress which
is to proclaim the successful candidate
in the recent presidential election has
been postponed until Wednesday. Originally
it was intended to open the congress
today.

BRUSSELS, Oct. 6.—An announcement
was made today that Belgian repre-
sentatives on the League of Nations
will be Paul Hytome, minister of for-
eign affairs; H. Carton De Wiart, for-
mer minister of justice, and Jules De-
metre, minister of arts.

PHILADELPHIA, Oct. 6.—The three United States army airplanes
which have been held up at Hazelton,
for nearly two weeks, on their return
from the Alaska flight, arrived here
today. All three landed without
incident and it is planned to resume the
flight tomorrow.

CHINESE RAIL PACT REACHED

Russo-Asiatic Bank to Finance; Joint Control

PEKING, Oct. 6.—An agreement
has virtually been concluded between
the Russo-Asiatic Bank and the
Chinese department of communications
for continuation of the joint op-
eration of the Chinese Eastern Rail-
way, the bank continuing to finance
the railroad, it was stated here to-
day. China's political control of
territory traversed by the line is
recognized. The board will consist
of five representatives of each party
in the agreement, with a Chinese
chairman. The agreement provides
for repayment of capital, technical
investment with interest.

The agreement is explained as
provisional in character, pending recog-
nition of a Russian government.
TOKYO, Oct. 6.—Japan will im-
mediately place the Chinese Eastern
Railroad under joint control of the
Japanese, which power is restored in
Russia. This power is restored in
connection with the discussions now
in progress over the question of protec-
tion of Russian interests in China.

World's Biggest Ship Burned, Hamburg

BERLIN, Oct. 6.—The uncompleted
ship Hamburg, which would
have been the world's largest vessel
had it been burned in Hamburg, says
its captain to the Express-Telegram.
The vessel was to have been
fired in against the British. The
ship, now the Leviathan, has been
steamed off. No explanation is
given as to the cause of the fire.
The steamer would have been
delivered to the Allies under the
peace treaty.

In July it was reported that the
Hamburg soon would be ready to be-
sent to the White Star Line.
The vessel was to have been pro-
pelled by eight turbines developing
30,000 horsepower. She was to have
been 912 feet long.

NEW ORLEANS, Oct. 6.—Word was
received today of the destruction, dur-
ing the tropical hurricane last week,
of the British steamer Westland, from
Faro, Mexico, to New Orleans. The
ship was scuttled. There were no pas-
sengers.

PLAN NOW FOR A BIGGER WHEAT CROP NEXT FALL

Do Your Planting With a Moline-Monitor Drill We Have Just Unloaded a Carload of Them

Grain planting will soon be in full swing and we have prepared for it with a big
carload of Moline-Monitor Drills.

Better planting is just as essential as better methods of plowing and cultivating;
and with the Moline-Monitor Drill your wheat will be properly planted. There are
many reasons why the Moline-Monitor Drills are better and we will be very glad to
show you their superior features.

One big feature is that when used with the Moline Universal Tractor you can
see their every operation for you ride the implement and not the tractor.

We also carry horse drawn drills.

EYmann-Suderman Service

Eymann-Suderman Hardware Company, while a new concern in the valley for they
have been located at Reedley and later at Parlier for the last 20 years. In that time they have built for themselves
a very enviable reputation for giving service and a square
deal. That same policy will be strictly adhered to in the
Fresno store.

Compton

One Man Land Levelers

Without doubt you can do better work
with a Compton land leveler and it is
a proven fact that more work can be
obtained at less expense than by any
other method. It is the only modern
way of leveling your land—it reduces the
cost and makes the work much more
easy. Let us tell you more about it.

ANNOUNCEMENT

Since the present Autocar prices were established over a year ago,
we have had to face a constantly increasing scale of production
costs. The recent increase in freight rates has placed an even
heavier charge upon production and distribution.

When the excise tax was placed on motor trucks, we believed it
would be a temporary war measure, and so have, up to this time,
absorbed the tax.

Costs have mounted so steadily, however, that the Company no
longer can absorb this tax. Beginning November 15th, all-Auto-
car Branches will sell Autocar chassis with tax and freight charges
added.

Manufacturers of the Autocar Motor Truck

SAY GUARANTEE KEEPS COSTS UP

Federal Trade Commission Holds Hearing.

Washington

WASHINGTON, Oct. 6.—Partial responsibility for high prices was laid today on the trade practice of manufacturers' guaranteeing against price decline by those who protested against the custom at hearings before the Federal Trade Commission. More than 200 spokesmen for business interests were present to advise with the commission in formulating a policy.

The statement that prices would have gone down soon after the adoption of many of the trade's price guarantees practices began unknown was brought out in answer to questions by Chairman Thurman W. Goldsmith, without exception opponents of the system stated their belief had been confirmed by break in communications where the practice was not employed. They cited the sugar and silk industries as typical.

Mr. Goldsmith, representing the Silk Association of America, said the market would have been reduced to another light than as a means of maintaining a generally high level of prices and mitigating against any reduction which would have followed natural operation of the law of supply and demand."

Silk prices, he said, had declined fifty per cent in the last six months, while the loss of income resulting from the wholesalers' been guaranteed against loss to the manufacturers.

Guarantees Holds Prices Up.

"I would say further," he continued, "that the guarantee against decline not only tends to hold up prices, but means that plants will be shut and industry starved in order to sustain the guarantee. The manufacturer will not be able to dip into his pocket and repay the wholesaler or other purchasers. The plants are shut down and the demand remains, so prices stay high."

"What about holding up artificial prices like war prices, and would they have been reduced except for the price guarantee?" Mr. Murphy inquired.

"Undoubtedly I would say that they would have fallen long ago," Mr. Goldsmith replied. "I would not attempt to say in what extent the guarantee has maintained the prices but it certainly has held them a much longer time than had the old law of supply and demand been permitted to operate."

Only two speakers defended the practice. Dr. T. D. Peacock, New York representative of the National Preservers and Fruits' Producers' Association, called approval of the custom, saying its benefits more than offset its ill effect depicted by opponents.

Mr. E. Boffey, of the National Association of Purchasing Agents, held that no legitimate attack could be made on the guarantee system.

He asserted that it had established the right of a client to employ grade methods of any kind so long as they did not tend to monopoly or discrimination.

That the practices did not tend to monopoly and discrimination was asserted by G. D. McEvily of the Tin Plate Manufacturers' Association. He argued that the guarantees given by the "big" manufacturers could not be met in both cases by "little" producers, who were compelled either to sell out or close up, practically bankrupt.

Indian Armstrong of the bureau of related industries charged that the guarantees encouraged speculation, caused overstocking, stifled competition and invariably leads to rebating."

Says Politicians Seek School Control

RIVERSIDE, Calif., Oct. 6.—County and city school superintendents of California in annual convention here today were told by Fred N. Hunter, of Oakland, president of the National Educational Association, that "politicians" were seeking control of the school budget and the employment rolls.

"These are fat things for them," said Mr. Hunter. "No forward-looking educational program can be put over in a big city without a tremendous fight. Our educational system is measured from the outside."

David P. Barrows, president of the University of California, is the principal speaker on the program for tomorrow.

Motor Transit Men Go Back to Work

BAKERSFIELD, Calif., Oct. 6.—The transit company line between Bakersfield and Los Angeles, which started four weeks ago, has been settled and the men can go back to work tomorrow and be reinstated according to information received by the Kern County Labor Council made public by that body tonight.

CONFEDERATES MEET, HOUSTON

Houston, Tex., Oct. 6.—Houston tonight was host to more than 1,000 former Confederates who gathered there to mark the 50th anniversary of the third annual reunion of the United Confederate Veterans.

For the old soldiers the cause of the Confederacy lost nothing.

Epitome of the disease has been reported from Tuxpan and Vera Cruz and some deaths have occurred at Progreso in Yucatan, further to the south. It was only recently that the malignant symptoms appeared in Tuxtla.

All companies in the Tuxpan field

are apprehensive that the Tuxpan fever

will cause an exodus of foreign employees including many Americans which would

greatly reduce the oil production of the world's greatest field.

On September recorded two cases

of yellow fever in Tuxpan, with several more persons showing symptoms.

Health officials say the number is too small

in this mosquito infested country causing the fever to spread.

Many deaths from yellow fever

have occurred in both Tuxpan and

other large oil port and at Vera Cruz.

At Tuxpan more than two score

deaths have occurred.

Since the middle of August and at Vera Cruz,

the dead include Dr. A. N. Hirsch

of Texas, who with the public health

services and there.

Health officials believe that the disease

started in Yucatan.

This is the first year for some

time past that yellow fever has ad-

vanced up the coast of Mexico.

Dr. C. Hyde from "Cushing

Introducing" in his article, Dr. Peacock

said the disease had spread today by

Doctor A. C. Southern in the circuit

court. Dr. Hyde recently was sued

for divorce upon charges of cruelty

and violence. The three trials of Dr.

Hyde under a charge of murder in

connection with the death of Thomas

H. Sloane, millionaire philanthropist.

On Sept. 10, 1920 attracted wide attention.

Establish Accident Award Outside State

SAN FRANCISCO, Oct. 6.—The right of the state industrial accident commission to make awards outside the state was established today by a decision of the state supreme court. One Min. H. Ching, fisherman in Alaskan waters, was awarded \$100 for injuries he received reversing a lower judgment which had awarded him \$100 on the ground

that it was a violation of the constitution of the United States.

Thousands of women here and all over the United States are finding that they can easily reduce grocery bills at least ten per cent by serving a more economical bread fare.

All grocery stores now carry a fresh stock of Life O' Wheat, which costs only a few cents a package, yet which makes 12 pounds of rich, nourishing food when cooked.

Everybody likes the sweet nut-like

flavor of Life O' Wheat, which makes it so decidedly different from other breakfast foods. We suggest that you order a package from your grocer today, as we will refund your money if you are not satisfied.

Von Bopp Is Given Release

LEAVENWORTH, Kan., Oct. 6.—Eugen Von Bopp, former consul general of the United States government at San Francisco, serving a 15-year sentence in the federal prison here for violation of the neutrality of the United States, was set at liberty tonight. Bopp's release came early yesterday morning. Von Bopp was not released because of delay in receipt of his parole. Bopp avoided newspaper when he left the prison.

Marine Engineers Refused Increase

NEW YORK, Oct. 6.—Demands for wages increase and overtime by the national marine engineers' benevolent association were refused yesterday by American Steamship Owners' Association. Declining of the request, the association announced, was unavoidable because of the present high operating costs of American ships. The owners' association said that a further increase of wages to engineers would seriously jeopardize American competition in shipping, greatly increasing the cost of insurance, may, leading to such that American marine engineers are the highest paid in the world.

HIGHWAY PARTY TO PAY VISIT

Members Park-to-Park Association to Be in Merced Wednesday

MEREDITH, Oct. 6.—A large party of official visitors will on next Wednesday reach Merced and pay a close-up of the red "Gateway to the Yosemite."

The National Park to Park Highway Association, with the sanction of the Department of the Interior, bearing the endorsement of automobile associations throughout the country and having the hearty good-will of the motorist, is coming. Leaders throughout the country are coming here and will be taken in by the Modesto Chamber of Commerce and given suitable entertainment while here.

It is expected that the motorists will reach here next Wednesday evening and that they will spend the night here and proceed toward Merced on Friday evening, the party will go to Fresno and be in that city Friday night.

There are about twenty people in the party, some of them being women, and it is proposed here to give a dinner or banquet to the leaders and to provide and give a program that will be enlightening and amusing to all.

D. N. Butler, secretary of the Chamber of Commerce, is in receipt of a letter from the Department of the Interior, in which the information is given that an official representative of the National Park Service is accompanying the party.

It's a big thing for the city and for the county, the section of the San Joaquin Valley, and full advantage will be taken of it by commercial bodies and alert individuals.

Washington Teachers Will Meet Tonight

EASTON, Oct. 6.—The first meeting of the Teachers' Association of the Washington Union high school district will be held tomorrow evening of this week in the Easton high school.

A program designed will be given. Addressing the teachers and students of the Washington high school in the high school auditorium. The enrollment of students in the high school is growing. The advanced agriculture class is making some research experiments that should be of advantage to the community in the future.

J. A. Peaynes and R. E. Williams and family are making a five day visit at Sierra Chautauqua.

Mrs. and Mrs. Frank Bissel are spending a week in Berkeley with their son Dwight who is a student in the university.

Mrs. C. F. Crook is visiting friends in Riverside and Whittier.

J. T. Walker has been quite sick for the past week.

Mr. and Mrs. Hansen and family of Minnesota arrived Wednesday and moved into the French residence. Mr. Hansen is the new pastor of the Danish Lutheran church.

Rancher Is Charged With Selling Liquor

FOWLER, Oct. 6.—The State supreme court having decided that municipal corporations, in the operation of their utilities, either within their own limits or in areas under their control, are not under the control of the Railroad Commission, the commission has ordered the dismissal of cases affected by the court's ruling.

Among the cases is that of R. H. Ramsey and others against the town of Fowler.

Officials Fail to Attend Conference

SANGER, Oct. 6.—A round conference was set for last night at Sanger and everyone turned up, but the most important parts, the heads. There were delegates from Selma, Kingsburg and Del Rey and a full attendance from Sanger, but the Fresno president and the secretary failed to put in an appearance. After a fruitless wait it was decided to adjourn until next evening.

The meeting of the M. E. Church young people's class was held at the residence of Mr. and Mrs. Clarence Edgar, when definite steps were taken for the forthcoming season. Those present included Mr. and Mrs. Knapp, Misses Ethel and Mabel Edgar, Mrs. W. J. McLaughlin, Mrs. Jessie Bailey, Mrs. Thompson, John Baileys and Joe Edgar, Mr. Kumpf, elected president and Miss Bailey secretary-treasurer. A social committee consisting of Mrs. McLaughlin, Mrs. Knapp and C. Edgar was appointed.

Railroad Protests Paving at Clovis

CLOVIS, Oct. 6.—The monthly meeting of the city trustees took place last evening. On account of the protest of the Southern Pacific to paving of the grounds on public and private street and the expense of having the paving program deferred indefinitely, it was decided to abandon the reception of intention, including crossings and new resolution of intention was adopted leaving out said crossings, also leaving out the paving of Fifth street east of the railroad and including the paving of the remaining streets to the end of the thoroughfares.

A petition signed by all the residents except owners of south Polk-Lincoln street with the exception of two, signed a petition to the city trustees to have that part of the street included in the paving program. The matter was taken up by the trustees and met the approval of the board.

The paving program will be carried out with all possible care.

W.C.T.U. Official to Speak in Reedley

KINGSBURY, Oct. 6.—Mrs. Melvin Pettit, local president of the W. C. T. U., who addressed the congregation at the First Methodist church Sunday morning, will speak again at a gathering to be held at the home of Mrs. J. H. Fairweather on Tuesday afternoon, October 10. The occasion will be the regular meeting of the W. C. T. U. and Mrs. Pettit will talk on the amendments to be offered at the coming election. All women who feel the need of explanation or discussion of any of these in order to cast an intelligent vote are cordially invited to be present at Mrs. Fairweather's home and hear Mrs. Pettit.

AMERICAN COLONY NOTES

AMERICAN COLONY, Oct. 6.—Mr. and Mrs. Cyril Gribble left Monday morning on their honeymoon journey which had been postponed for sometime. The Gribbles expect to return to the former's native England and stay with other relatives in the British Isles.

Mr. and Mrs. J. C. Nichols have visited their sons, Mr. and Mrs. L. L. Nichols, in Los Angeles.

Miss Alice Nichols, of San Francisco, is at home and will stay for some time.

Believe Incendiary Set Fire to Hay

MADERA, Oct. 6.—With every evidence in inventory origin a hay stack of forty tons was yesterday morning destroyed by fire on the A. N. Bratton ranch southwest of Modesto. Sheriff R. L. Davis directed that investigation should continue from the scene of the fire and nothing done for official notice before the car took the highway obliterating the track. The stack was under attachment proceedings in the case of Quigley against Economas.

Hi-Y MEETING PLACE CHANGED

Will Be Held at Dinuba Instead of Sequoia,

Due to Weather

MADERA, Oct. 6.—The Tri-County Hi-Y conference, which was scheduled to take place at Sequoia Lake, has been transferred to Dinuba on account of transportation difficulty and the poor condition of the weather in the mountain resort. It will be held here on Friday and Saturday of this week and the three county secretaries, Dixie, Fresno and Tulare, experts in the work of the Hi-Ys were here early in the week to make preparation for the gathering.

The program will open Friday evening at the new Methodist Episcopal church, which is to be headquarters for entire two days' activities. The work and problems of the organization will occupy the attention of the conference. State Hi-Y Secretary Ralph G. Col and J. D. Foster, boys' secretary of the San Francisco Y. M. C. A., are expected to add greatly to the instructiveness of the gathering.

At least fifty delegates are expected to be entertained in the homes of friends of the Y. M. C. A. and business in their honor will be arranged. The ladies will entertain the visitors.

State Hi-Y Secretary Ralph G. Col and J. D. Foster, boys' secretary of the San Francisco Y. M. C. A., are expected to add greatly to the instructiveness of the gathering.

At least fifty delegates are expected to be entertained in the homes of friends of the Y. M. C. A. and business in their honor will be arranged. The ladies will entertain the visitors.

Officers Discover Missing Oat Sacks

MADERA, Oct. 6.—Several sacks of oats taken from the ranch of George Little was discovered hidden in the attic of F. R. Burt by Deputy Sheriff Bart Hill yesterday when he searched the ranch house of Burt at his invitation. The only evidence was a single grain of oat on the floor just beneath the trap door into the attic. Burt then admitted that he and his wife had stolen the oats.

Arrest Footpad Suspect

GRANFORD, Oct. 6.—A Mexican, giving his name as Michael Estallo, who was arrested last night by local officers here on suspicion of being the "stick up man" who held up an Arizona pool hall last Saturday, is still held at the county jail pending the outcome of investigations.

5:00 p.m. to 7:00 p.m.—Supper by the

MADERA COUNTY FAIR WILL BE POSTPONED FOR ONE DAY

CHOCOLATE, Oct. 6.—On account of the rain, which prevented many exhibitors from getting their exhibits ready, the Madero County fair, which was scheduled to open Thursday, has been postponed one day and will open Friday and continue until Sunday night. Following is the program:

10:30 a. m.—Opening of main gate to visitors. All departments of Fair will be in full operation.

10 a. m. to 12 noon—All exhibits open to visitors for opening inspection.

10 a. m. to 12 noon—Judging of livestock and poultry exhibits. Judges in all departments of livestock and poultry entries will commence work continuing till all exhibits are ready to be judged by G. H. Gordon, expert, who has officiated at the Arizona State Fair and is engaged for several big fairs for the season.

10 a. m. to 12 noon—Judging of Farm Center, Agricultural, Horticultural and other exhibits, conducted in large dining room.

From 10 a. m. to 3 p. m.—big Midway Circle with Carnival features, shows, rides, games, open for your amusement.

12:30 a. m. to 1:30 p. m.—Dinner served on the grounds by the ladies of the Community "Country Club" cafeteria style, home cooking; usual prices will prevail. Proceeds for the benefit of the Community Club house.

1:30 to 2:30 p. m.—Program (as submitted).

2:00 to 3:00 p. m.—Inspection of Industrial department and livestock exhibits, agriculture and farm implements demonstrated.

3:00 p. m.—Formal grand opening; daylight fireworks display, a 12-inch flash and thunder salutes, 12-inch daylight bombs, assorted shells.

2:15-Inch American Flag shells.

Special Features.

2:00 p. m.—The Breadwick delectable jumping from an airplane 3000 feet.

3:00 to 5:00 p. m.—Opening Band Concert given by the Modesto American Legion Band.

Star Standard Banner.

3. March.

3. Violin Solo by Miss DuBois.

4. Selection.

5. Waltz.

6. Intermezzo.

7. Solo (Selected) by Merlin.

ORCHARDISTS!

You Owe It to Yourself to Investigate The

Deming Sprayer

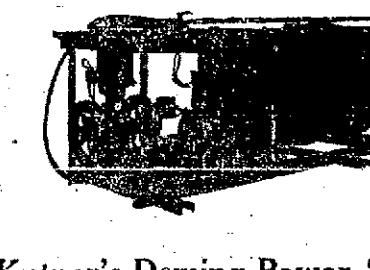

Your trees and vines represent an investment of time and money.

Would it show good business sense if a merchant erected a fine building, stocked it with expensive goods, and then neglected to insure it against fire and other possible loss?

You know it wouldn't. But how about the orchardist? Why should he lay out money for trees and vines and other expenses incidental to fruit growing, and neglect to spray? Insect pests and fungus diseases are sure to make their appearance sooner or later. For preventive purposes or as a remedy, he must spray.

Good equipment, of course, is a necessity and we want to help you to line up on the winning side with the aid of a Deming Sprayer.

Get a good Spray Pump and the sprayer, one of sufficient size to do your work.

Kutner's Deming Power Sprayer ---The Victory Junior

This is a light weight powerful spraying outfit. It weighs but 1000 pounds with empty tank. Deming pump capacity at 60 revolutions per minute 4 gallons, and has a 2 h. p. Stover gas engine, Cypress tank with 125 gallon capacity, manhole in top of tank and brass strainer and propeller agitator, channel iron frame and cross ties. Pump and engine fitted on a sheet steel platform. Furnished with cal. curtains and hinged top to tank. Spray hose, spray rods and nozzles already to mount on a wagon truck and go to work.

Plans for the big event are being rapidly formulated and everything will be in first class shape for the big event. This day will start with a pageant parade depicting the early history of Stanislaus county and Modesto, whose 50th anniversary is being celebrated. In the afternoon a rodeo, aviation dedication and baseball game with a big league All Star American team, both men working against the home club will be played.

This outfit possesses every desirable and practical feature of the ideal power sprayer. Our Duplex pump has a capacity of 10 gallons per minute and we use a 3 h. p. Stover engine. We furnish a heavy 300-gallon Cypress tank. Air chamber is more than double the usual capacity; when using two leads of hose 200 pounds pressure can be easily maintained. Tank has manhole and brass strainer and propeller agitator. Comes completely equipped ready to put on a wagon truck and go to work.

We carry Dry Lime Sulphur Spray, Bordeaux Dry Sprays, Black Leaf 40.

WRITE SUCCESSFUL PHOTOPLAYS

BROOKLYN BLANKS CLEVELAND, SECOND GAME 3-0

GRIMES HURLS AIR TIGHT BALL; HOLDS INDIANS SCORELESS

Series Is Now Even; Dodger Spitball Ace Is Hero of Second Game

NEW YORK, Oct. 6.—In a pitching battle between the leading hurlers of the National and American Leagues, Grimes, Brooklyn's spit-ball ace, today shut out Cleveland 3 to 0 in the second game of the world series at Ebbets Field. His ability to hold the Indians in check when hits would have meant runs marked his superiority over James C. Bagby, whom manager Speaker selected to add a second game to the Cleveland string.

The victory, which placed the Superbas alongside their Speaker's Indians was due almost entirely to the excellent hurling of Grimes, who had the heavy hitting representatives of the junior league baffled throughout the game as far as consecutive hitting was concerned. With the exception of the eighth inning, when Grimes temporarily lost sight of the home plate, Cleveland never appeared in the light of a serious contender.

	Totals.....	30	3	7	27	12	0	Totals.....	33	0	7	24	9

Batted for Bagby in seventh, Wamborgans in eighth, Myers in ninth.

Score by innings:

Cleveland	Brooklyn
Two-base hits—Wheat, Gardner, Griffith, Speaker, Stolen, Johnson, J. Johnston. Double play—Gardner to O'Neill to W. Johnston. Left-on bases—Cleveland 10; Brooklyn 4. Bases on balls—Grimes 4; Bagby 1. Hits off Bagby 7 in 6 innings; Uhl in one; two innigs. Strike-out—Grimes 2; Uhl 3. Uhl was pitcher.	Bagby, Time 1:55.

The inability of the Indians to connect with Grimes' slants when hits would have meant runs is amply illustrated by the fact that the Cleveland club got fourteen runs and four wins by substituting plays.

The Indians were without repeated opportunities to score, but in every emergency Brooklyn's master ball met the emergency with a master collection of sharp breaking slants or slow breaks, which cut the corners of the plate or shot it close to the body of the batter, with the result that the seven hits of the invaders were so scattered as to be useless in run-producing.

Bagby was not so effective in the box as Covalek in the opening game, or as his opponent, Grimes, notwithstanding that he delivered the leg-pitching balls that did the winning hurles. The Superbas' readings of Grimes' offerings effectively when the players were on bases as compared to the Indians, for of the Brooklyn batters, to reach first base, three scored, three were assisted and the remaining four left the base via the remaining two runs. The art of the pitching analysis is shown by the fact that the players scored three runs on seven hits scattered through six innings, while Cleveland, with an equal number of aways, was unable to send a run across the plate in nine innings. Uhl, who replaced Bagby in the seventh session, proved more of a puzzle to the home combination, the Indians going out on strikes or files in order during the two periods in which he worked.

Speaker Stars Again. The contest, from Grimes' power to rule the winners of the American League pennant at critical times in the struggle, was as devoid of sensational features and color as was the initial battle yesterday. Speaker pulled off another sensational catch in the fourth inning when he raced far over into Jamison territory and hauled down Kilduff's long drive, right fielder Griffith starred with a catch off the wall in the seventh when he captured Seewell's savage smash in a manner somewhat similar to his thrilling bounding of Speaker's glove of two days ago.

The contest, from Grimes' power to rule the winners of the American League pennant at critical times in the struggle, was as devoid of sensational features and color as was the initial battle yesterday. Speaker pulled off another sensational catch in the fourth inning when he raced far over into Jamison territory and hauled down Kilduff's long drive, right fielder Griffith starred with a catch off the wall in the seventh when he captured Seewell's savage smash in a manner somewhat similar to his thrilling bounding of Speaker's glove of two days ago.

Griffith Hits in Third Run. Griffith added to his record as timely hitter in the fifth when his single to short sent Olson home with the third and final run of the contest. The Brooklyn shortstop got in by connecting with one of Bagby's foul tips for a single. In addition to the midway walk, Johnson and Bagby were disposed of, the former's buster and from that point completed the circuit on Griffith's hit.

The sky was cloudy, with little wind to bother fielders—although the air was warm, there were many vacant seats, and there was only occasional applause. Team reading was lacking while the songs and music, which have made other world series conspicuous were as much missing as during the opening games.

The Indians' fielders of attachment and poise were less than for yesterday's game, the said attendants being 22,559, with receipts \$76,164. Receipts for the two days were \$155,214. This will be divided:

Per cent to National Association \$15,521.50; sixty per cent of balance to players, \$48,515.02, remainder to club, \$55,876.68.

The players share in the receipts of the first five games and the Indians received a 10 per cent to the players of the teams participating in the grand series and 25 per cent to the players of the teams finishing second and third in the National and American Leagues.

Madera High School Develops Grid Team. The little Cleveland team was 10-0, and when Myers dashed a single grounder to Gardner, the Indians third baseman shot it back to O'Neill, forcing out Olson. O'Neill endeavored to turn the play into a second out at first, but the throw hit Myers in the back as the latter raced for the ball. The little Cleveland team was 10-0, and when Myers dashed a single grounder to Gardner, the Indians third baseman shot it back to O'Neill, forcing out Olson. O'Neill endeavored to turn the play into a second out at first, but the throw hit Myers in the back as the latter raced for the ball. The little Cleveland team was 10-0, and when Myers dashed a single grounder to Gardner, the Indians third baseman shot it back to O'Neill, forcing out Olson. O'Neill endeavored to turn the play into a second out at first

RAISINS CURED BEYOND DANGER FROM THE RAIN

Associated Plants Running Full Time at 25 Cars Daily

Shortage of Cars Retarding Deliveries to Eastern Markets

The raisin crop is practically all cured and what was not in plastic remains in a situation that it could easily be damaged from the rain, and so suffered no damage from the rain, according to E. A. Seymour, associated with the president of the California Associated Raisin Co. Seymour believes that, very likely, no raisins will require reading again.

The season has been exceptionally good and the crop of raisins is beyond the power of rain damage.

All the plants of the raisin company are running full time averaging an output of 25 cars per day, which would be materially increased if the company could get cars to ship us fast as needed.

More than 3,000 tons of raisins are packed and lying on the floors of warehouses awaiting cars for shipment. The large part of the tons, which consists of layers and clusters, which the raisin company is anxious to get to the eastern markets in time for the trade to handle for Thanksgiving day.

From the Southern Pacific and the Santa Fe have promised the raisin company an increased supply of cars within a few days. Up to yesterday the railroads were 41 cars short of trainload orders.

Speaking of general manufacturing conditions, and the progress of the plants, Seymour said yesterday that the plants were working nine days a week, but up to yesterday the association had shipped no greater tonnage than up to the same date of last year. Most of this prompt movement of raisins is ascribed to the fact that the company plants were in readiness for the season's opening.

Liquor Law Violator

Returned to Fresno

Fred Owens, arrested by Mariposa county officials and federal officers recently for violating the Volstead law and sentenced to pay a fine of \$100 or spend a term of 100 days in jail until the fine is paid, was brought here yesterday morning by Deputy Marshal S. J. Shanahan. It developed that Mariposa county has no jail at present, due to a "lack of business," and as a result, Owens will complete his sentence in the Fresno county jail.

Mrs. D. H. Cayford Summoned By Death

Mrs. D. H. Cayford of Fresno died yesterday at a local sanitarium after a brief illness. She was a native of England and 58 years old. She leaves her husband, D. H. Cayford, and five sons, Harry, Stanley, Herbert, James and John and a sister, Mrs. D. J. McKeon. Funeral services will be held Friday afternoon at 2 o'clock at St. James' Cathedral. Superintendent Beck will be in charge of funeral arrangements. The body will be cremated in the Fresno Crematorium.

POLICE COURT NOTES

John Mitchell, a driver of the Concourse Ice Company, is accused of having violated the weights and measures act during the past month on various occasions according to a complaint filed in Judge Griswold's court. Mitchell is said to have sold his customers the Patterson block, 10 pounds of ice daily, clipping coupons for 12 pounds of ice in each instance.

GEARHART TO TELL CONVENTION ACTION

Legion to Hear State Adjutant Bebergall at Meeting Tonight

R. W. Gearhart, one of the California delegates to the American Legion convention held at Cleveland recently, will report the proceeding at the regular meeting of the Legion branch tonight. Gearhart is to tell the organization just what he did at the three day session of the brassels for the Legion year.

Kenner, who is distributing Victory medals to ex-servicemen, will have a fresh supply on hand tomorrow night to give to those who have not as yet received theirs. Kenner will leave Friday and will return to Fresno Saturday and will be in charge of funeral arrangements.

A report of the committee which handled the Wild West show at the fair during the past week will be made at the meeting. It is said that a small profit was realized from the concession.

The building committee will tell of the plans for the proposed new Memorial Building; the Armistice Sale committee will present an outline of the program for that holiday; Dr. Johnston will name the Old Tire Sale committee and a report of the proposed football team will be given.

It is expected that Fred Oberholzer, state adjutant will speak also. Oberholzer, who is here to attend the state convention of labor convention which is in session.

Business Women to Meet Tonight, Y. W. C. A.

Emily Noble, well known lecturer on health subjects, will be the guest of honor at the regular meeting of the Fresno Business Women's Club tonight at 6:30 in the Y. W. C. A. All business and professional women of the city are invited to attend and to make reservations early this evening.

Arthur F. Hoolan Sought By Parents

Arthur H. Hoolan, a sixteen year old Turlock lad who left home Sunday September 26, less than two weeks ago, is being sought by his parents who are greatly worried. They can anyone who knows of the boy's whereabouts to notify them in confidence to the local police authorities.

Charge Man With Sale Irregularities

Charles Mitchell, a driver of the Concourse Ice Company is accused of having violated the weights and measures act during the past month on various occasions according to a complaint filed in Judge Griswold's court. Mitchell is said to have sold his customers the Patterson block, 10 pounds of ice daily, clipping coupons for 12 pounds of ice in each instance.

Mazola — the choice of leading hotels, clubs, and railroad dining cars in America!

WOMEN everywhere are finding out that lard is one of the most unsatisfactory of all cooking fats. It is absorbed into the food, making it heavy, soggy and indigestible at times. So much lard is taken up by the food during cooking that it becomes more expensive to use.

Mazola is 100% pure vegetable oil. It never penetrates into the food, but scars fish or meat over, and preserves all the good flavors. At the same time, it makes the food more digestible.

You too, should use Mazola for all cooking, baking, frying and sautéing purposes.

Thousands of people everywhere use Mazola as a delicious salad dressing, in preference to olive oil or any other vegetable oil. It costs about half what an acceptable grade of olive oil would cost.

WHISKY VALUED AT \$1,000 IS STOLEN

Burglars Break Open Door of Home and Remove Keg of Liquor

Frank Tanska, a resident of 971 I Street, reported to the police yesterday morning that his steel keg containing a \$1,000 barrel of registered valentine brandy was taken from the basement of his home. He claims that entrance was gained by forcing open a door and breaking the glass. The liquor was removed from the premises by a truck which was stationed in a rear alley, Sergeant E. A. Powers investigated the case. No prints of suspects are being investigated for possible connection with the case.

Fresno Resident Dies at Belmont

Albert Wickliffe of Fresno died at the Belmont Sanitarium at Belmont, San Mateo county Sunday morning.

In announcing yesterday plans of the organization for handling the 1920 crop of figs, which comes as a surprise in trade circles, J. P. Niswander, vice president and general manager of the peach and fig association, said that it is hoped in November to have the warehousemen ready to take care of the "carry-over" of the 1920 crop.

The fig crop now in the hands of growers is estimated at 5,000 tons, and prices recently have shown a decided upward tendency. Although it had not been the intention of the association to go into the market to compete with the grower, it is doing so.

Growers are advised that the association will not be prepared to receive figs before November 15.

In announcing plans for marketing the figs this year, Niswander said yesterday that the association has concentrated its energies for the past thirty days to developing the by-product production of the fig, and that gratifying success has been achieved in fig bread, and several new products.

In association there is a vast field for the sale in the bakery trade of the United States.

CITY READY TO PAY ITS BILLS

Accumulated Debts of the Summer Amount to \$70,000

The most independent debtors of Fresno county is about to pay off an accumulated debt of \$70,000 for months. The city of Fresno is now financially in position to face what it owes, says Charlie Buffon, city clerk, and it owes many bills that 95% warrants will be required to pay for individual creditors.

The welcome news that the bill accumulated debts of the summer amount to \$70,000 today came from the city clerk's office. The bill amounts to \$70,000 and in addition to this amount are fees for the payroll, amounting to \$31,700.

The payment of this year is one month earlier than in customary, as tenanted by the city clerk, Mr. E. A. St. George. The money to pay what is due is collected from the following sources:

Taxes \$6,000.00
Police court fines 11,200.00
Miscellaneous fees 8,100.00
Business licenses 23,000.00

Total \$70,300.00

The city will further publish that a copy of this resolution be recorded in the minutes of this body and that another copy be sent to the Board of Regents of the University of California and still another copy be sent to each of the city papers for publication.

The city will further resolve that we pledge ourselves to work for the passage of a bill amending the city charter to provide for the payment of debts.
